REPORT  
OF THE  
BOARD OF EDUCATION  
OF THE  
TOWN OF ROLLINSFORD,  
For the Year Ending Feb. 15, 1905.

---

Several changes have been made in our teachers during the past year. Miss Trufant and Miss Taylor resigned, having secured better paying positions at Easter. The spring term at Pear Yard school, on account of an increased number of pupils was re-opened and a young lady from Dover schools, Miss Lela Langley was employed for the primary scholars. The committee expected that those of this district who attended the High and Grammar schools at Salmon Falls would still continue to do so. Miss Langley remained until she was unable to do the work of the winter term, and Miss Martha Holton, of Quincy, Mass., was engaged and is still filling the position very acceptably. Miss Trufant gave up the Grammar school at the close of the spring term and Miss Annie Sullivan of Somersworth, a graduate of the Normal school of

New Hampshire was engaged. We are quite certain the committee made no mistake in the selection of this teacher.

In the Quamphegan school, Miss Catharine Varney, a graduate of Smith college, kindly consented to take up the duties so abruptly dismissed by Miss Taylor.

We tried the experiment of placing all of the 2nd Primary pupils under the care of one teacher, Miss Philpot, but each term found new additions in attendance until 70 pupils were registered, too many for any teacher to care for, and in justice to both teacher and pupil, a second teacher, Miss Mary E. Morris of Lynn, was employed, and the school about evenly divided, and showing the best of results from the division.

Our list of teachers is as follows:

HIGH SCHOOL—Mr. Everett A. Pugsley.

GRAMMAR SCHOOL—Miss Annie Sullivan.

INTERMEDIATE SCHOOL—Miss Florence E. Stevens.

FIRST PRIMARY SCHOOL—Mrs. Abby C. Gilman.

SECOND PRIMARY SCHOOL—Miss Florence Philpot.

THIRD PRIMARY SCHOOL—Miss Mary E. Morris.

SULLIVAN SCHOOL—Mrs. Etta W. Goodwin.

QUAMPHEGAN SCHOOL—Miss Catharine Varney.

TURNPIKE SCHOOL—Miss Luanna Perkins.

PEAR YARD SCHOOL—Miss Martha Holton.

We cannot but speak encouragingly of all of our teachers. All have labored faithfully. Good order and good discipline have been enforced and the schools are a credit to the town of Rollinsford.

At the beginning of the school year, (the Fall term, 1904) we endeavored to so arrange the schools under a system of grading, that a pupil commencing school at five years of age could graduate from the High school at seventeen. Two years in the 2d and 3d Primary, two years in the 1st Primary, two years in the Intermediate, two years in the Grammar and four years in the High school; a school life of twelve years, and have had those pupils attending the schools outside the village taught such studies that they could enter the Grammer school at eleven or the High school at thirteen, or less, if prepared.

This system will give the teacher of the High school a four years' course instead of five as formerly arranged, and having four grades in the school instead of five; by so doing our pupils will be amply qualified to enter the Junior year at So. Berwick Academy thus saving one year's tuition at that institution.

Quite a number of pupils from the outside schools are in attendance at the High school and are doing good work under Prof. Pugsley's instruction.

We would advocate a continuance of the paying of the tuition of scholars at So. Berwick Academy, but with this proviso, that they be fully qualified to take up all the prescribed studies of the second year.

Our schools were considerably broken up in the Spring by an epidemic of small pox but we were loyally supported by our citizens and things were kept in motion with but little loss of time.

In the way of improvements, a hard pine floor was laid in Sullivan school, new seats and desks (single settings) were

placed in this school and also at Quamphegan. A coat of paint is much needed on the Sullivan and Quamphegan school houses.

Our school houses as a whole are in good repair and with a little paint and paper will compare favorably with towns of the same size and means in New Hampshire.

We have purchased new arithmetics for the schools, doing away with several different editions. The same should be allowed with our English. A uniformity of text books will always be a benefit to our schools.

Number of children between the ages of five and sixteen years by the enumeration of 1905:

Boys,	148
Girls,	143

While the year just closed might not be classed as a record breaker along educational lines, it is one that has reflected great credit to the instructor and the instructed.

One feature we wish to commend, and that is, that so many parents have visited our schools to see and know for themselves just what the teacher and pupils are doing.

We thank the public for its hearty support, and trust  
brighter days are in store for our children.

Respectfully submitted,

J. D. ROBERTS,

M. B. HARRITY,
